TOILET PARTITIONS

The DeSavino Difference:

Versatility

Durability

Functionality

Affordability

DeSavino & SONS

In our state-of-the-art fabrication facility filled with cutting edge technology one constant remains since 1954, "Pride in Quality Craftsmanship." The seed was planted 56 years ago. Our father, Nicholas DeSavino's reputation was one of integrity and a solid commitment to excellence. An old world family tradition that continues today with DeSavino & Sons.

Superior Craftsmanship.

We employ the perfect combination of artistry and expertise to help you meet your goals. We understand the tight engineering tolerances required in a number of industrial and commercial settings. Our customers rely on us to recommend and design for demanding conditions such as corrosive chemicals, temperature extremes and moisture resistance. We've invest in cutting-edge technology and precision equipment to make sure your order is meticulously finished.

Signature Service.

We are committed to the highest quality customer service, teamed with our experienced sales staff and knowledgeable technicians. You'll find us easy to work with and we will go the distance to delight you in the process. Call us Monday through Friday 8 a.m. to 5 p.m. EST, to answer any questions or consult on your next project.

The DeSavino Difference:

Versatility

- Our color palette includes 15 time tested stock colors to compliment a wide variety of decors
- We can also provide an infinite amount of custom colors upon request
- Custom design
- Specialty shaped door tops
- Decorative cutouts

Durability

- Impact resistant
- Impermeable to moisture
- Heavy duty, non-corrosive hardware and fasteners

Functionality

- Solid, full density HDPE, color throughout
- Easy to clean
- Will not rust

Affordability

We engineer each project with your objectives in mind. We deliver the best value to you at optimum cost. We use CNC technology to achieve significant levels of cost efficiency and accuracy, and it enables us to deliver extremely consistent quality.
